

PSA CLUB SERVICES: CLUB PROGRAMS

***“DIRTY SECRETS: Cleaning SLR Digital Sensors”* by Steve Traudt, APSA**

This program provides a comprehensive summary of how to clean digital SLR camera sensors. It is a **MUST SEE** for anyone who uses a digital SLR camera. You'll learn all the **INS** and **OUTS** of the digital camera sensor cleaning techniques. You'll be confident to clean your own digital camera sensor after seeing this presentation. This outstanding program was one of the presentations at the 2007 Photographic Society of America (PSA) annual conference in Tucson, AZ and the 2008 NECCC Conference. This program is available for playing in a PC Window(s) computer (CD version) and also has a DVD version for playing in a Macintosh computer or the regular DVD player. Length ~ 1 hour.
